

## **SNMP Trap Action Wizard**

This tutorial provides you the information needed to setup an SNMP trap action via the notification wizards.

To get to the starting point of this tutorial:

- Log in as administrator
- Click the "Notifications" tab

## 1. Adding a notification

a) First click on the "notification wizard"

Commur	nty  public			
	Add Trap Destination			
			Cancel	next

Please choose a name for your **SNMP Trap** Action. Descriptive Action names increase the simplicity of the system.

Enter your Destination Trap Address and Community and **Click Add Trap Destination**. You may include multiple Traps.
